Kentucky Oral Health Coalition (KOHC) is a group of concerned citizens, advocates, and professionals working together to improve oral health across Kentucky.

Guiding Principles

Mission Statement
Improve the oral health of all people of Kentucky

Vision Statement
Kentucky’s Vision of Impact is to engage partners across the state to create a collaborative oral health literacy campaign designed to:
- Educate parents
- Activate policymakers
- Inspire health professionals and engage the public to create optimal oral health for all.

Priorities through 2020
1. Improve oral health awareness.
2. Expand school-based oral health services.
3. Increase access to oral health care.

Become a Member of KOHC
- Work collaboratively to make a true impact on oral health in Kentucky.
- Network with others at coalition meetings and events.
- Vote on coalition decisions including policy priorities, election of officers, and other coalition related decisions.
- Attend coalition meetings and activities and take part in coalition workgroups.
- Receive CEU credits by attending coalition’s annual meeting.
- Marketing opportunities for organizational members. Logos will appear on various publications, promotional materials and related documents as an organizational member of the coalition.

Types of Membership
- **Student Individual Member** (Voting Member) – Annual dues of $10 (must be a full-time student)
- **Individual Member** (Voting Member) – Annual dues of $50
- **Government/Quasi-governmental Organization** (Voting Member) – Annual dues of $150
- **Non-Profit Organization** (Voting Member) – Annual dues of $300
- **For-Profit Organization** (Voting Member) – Annual dues of $500

Memberships are good for one year. Dues are renewed annually in July. Your dues provide resources to support annual coalition meetings, oral health coalition activities as approved by members or the executive committee, and policies and programs to increase access to high quality oral health care for all populations in Kentucky.

Oral Health Facts
- Tooth decay is the #1 most common chronic disease in children.
- Untreated tooth decay can lead to tooth loss, problems with speaking and eating, and even low self-esteem.
- Approximately 50% of Kentucky’s kids have early or urgent dental needs.
- Kentucky is ranked 5th most toothless in the United States.
