

ANNUAL MEETING Sponsorship Opportunities

The Kentucky Oral Health Coalition (KOHC), in collaboration with its partners from across the state, will host its annual statewide convening on **December 6, 2019**. The convening will bring together a diverse and large number of leaders in the oral health community, including health advocates, health professionals, educators, and students, to increase dental awareness, develop strategies to improve oral health, and increase access to care.

We need your support! Because we are committed to having an event that is free and inclusive, we are seeking out sponsorships that will cover the costs of educational materials, meeting space, and lunch.
